• Managed e-commerce CMS and edited product images using Adobe tools, streamlining content management and improving visual appeal.

Sports Direct Leeds, **Hospitality Sector (Concierge / Store Assistant)**
2015 - 2015

EDUCATION

EPICODE
Full-Stack Web Development   • 2024 - 2025
Full Stack Web Development Bootcamp where I gained hands-on experience with key technologies and practices for modern web development.
Key areas of focus included:

HTML & CSS: Building responsive, mobile-first websites with a focus on cross-browser compatibility.
JavaScript: Enhancing front-end functionality through DOM manipulation, event handling, and asynchronous programming.
MongoDB: Designing and managing databases, performing CRUD operations, and integrating databases into full-stack apps.
User Authentication & Authorization: Implementing secure login systems with password encryption and role-based access control.

This bootcamp has equipped me with the skills to build scalable, secure web applications, and I'm eager to apply my knowledge to real-world projects.

LIFE LEARNING
Programming and Web Development • 2017 - 2017
Online course where I learnt how to build a responsive website using HTML, CSS for the coding and Bootstrap as framework.
